

Proposition 1 – DWR Proposal for DACs

Name of organization:

Date:

Contact person:

Email:

Phone Number:

County:

Region (please check all that apply): East Bay North Bay South Bay Peninsula

PROJECT NAME AND DESCRIPTION

Provide information on your proposed project.

Example:

Water Quality Assessment Project. Today there are more than 10,000 disadvantaged individuals living in East Bay communities who have concerns regarding the quality of water. This project will conduct water quality assessments, low-income surveys and mapping activities. Outreach should result in increased participation and education.

PROJECT NEED/ BENEFITS

Provide information of why project is needed and anticipated benefits. Also, describe the community engagement that was done or will be done to help choose and shape the project.

Example:

To improve water quality, funding for public outreach and education, water delivery, prevention of flooding, etc.

SUMMARY OF PROJECT TASKS, TIMELINE AND BUDGET

What are the tasks to be completed, the time period and estimated budget of each?

Example:

| | | |
|--|----------------------|----------|
| Task 1. Initiate engagement of the stakeholders, etc. | Jan 2016 – Sept 2016 | \$14,000 |
| Task 2. Draft report on findings of stakeholder needs. | Oct 2016 – Jan 2017 | \$11,000 |

RESOURCES AVAILABLE TO COMPLETE THE PROJECT

What are the current personnel and financial resources available to complete the project?
